Local Meeting Support Provided By:

We welcome you to the Arkansas Crop Management Conference. The conference's goal is to provide enough diversity to maintain your interest and always offer a session that benefits you. There will be a live online "kick-off" session on January 19 from 1:00 to 4:30 p.m. to begin the conference this year (must be viewed live to receive credit). Then at 8:00 a.m. on January 20 all remaining conference presentations will be available on the website for online viewing. Available presentations have been selected by a committee of representatives from the organizations that sponsor the meeting. An evaluation form will be sent to you at the completion of the meeting to give us an appraisal of this year's program. The results will be used to improve future program design and selection of topics.

Things to Know:

CCA and consultant continuing education credits available: Credits are listed by each session in program.

CEU credits and signup: To get credit for each session, you must view the majority of each presentation you wish to receive credit for. We will have record of the time you spend viewing each presentation.

Topic codes for credit hours: CM – Crop Management; NM – Nutrient Management; PD – Professional Development; PM – Pest Management; SW – Soil and Water.

Registration Details:

Register online only: Registration will be online along with the program. Please visit <https://acpanews.com/sustaining-members-renew-membership/> to register.

Special Note: Contact Don Johnson (501-454-9963) if you have difficulty registering.

Program Event Highlights & Special Meetings:

Tuesday, January 19, 2021: Opening Session from 1:00 to 4:30 p.m. This session will only be available by attending "live" online. Session recordings will NOT be available for later viewing.
